DETAILED ACTION

Terminal Disclaimer

The terminal disclaimer filed on 7/6/2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Patent No. 6,611,365 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Reasons for Allowance

Claims 1-21 are allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest the injection molded thermoplastic substrates or substrate portions each having a thickness less than approximately 2 millimeters and greater than 0.5 millimeters as set forth in the claimed combination.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

second polycarbonate substrate portion having a thickness less than approximately 0.6 millimeters, and a photopolymer holographic recording material between the first and second substrate portions, (line 3 to line 7 of Col. 8). The reference does not teach at least the thermoplastic substrates each having a thickness less than approximately 2 millimeters and greater than 0.5 millimeters.
